Q1

Q1 Delicate tape
Delicate Surface Masking Tape Single Roll Ultra-thin and low tack adhesion Gentle removal with no residue Suitable for smooth and slightly textured surfaces Low tack paper masking tape specifically designed for the preservation of delicate surfaces during the painting process.
Description Technical Information: This special delicate masking tape can be used on freshly painted surfaces, when you need a lower adhesion level to help prevent surface damage. This doesn't mean it won't be sticky enough and fall while you are painting, in fact the less tacky tapes actually stick better, especially if they are good quality masking tapes! Q1® Delicate Surface Masking Tape assures easy removability on smooth and slightly textured surfaces and is perfect to get sharp, straight lines and prevent paint bleed. It removes cleanly both on smooth or slightly textured surfaces. This masking tape guarantees 7 days indoor clean removal on regular surfaces, so you won't worry about leaving masking tape for too long and take your time. When applied on freshly painted walls and smooth surfaces the tape assures 24 hours clean removal.
